Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

As a citizen of this State, as a member of one species among many, as a strong supporter of working families and with an understanding that without protected and respected forests no one can prosper or give real hope to the next generation, I urge you to reject House Bill 3103 which would force the Department of Forestry to log OUR PUBLIC forests at reckless and unsustainable levels leaving our children and their children to count the cost of OUR greed for very short term gain.

If Oregonians and their elected leaders don't stand up for the irreplaceable natural environment of their own State they will have been neither genuine Oregonians nor leaders at all.

Stand up now - for Oregon, for its land, for its people and OPPOSE HB 3103..

Thank you
