

Submitter: Scott Robertson

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I urge you to reject House Bill 3103, which would force the Department of Forestry to log our public forests at reckless and unsustainable levels.

Oregonians expect their leaders to stand up for our environment, not cave to the demands of timber executives seeking bigger profits.

These are the only forests we have, and we should be doing everything in our power to keep them healthy and vibrant. As a way for us to keep our water clean, keep our air clean, store carbon, recreate, and pass down to future generations.

Have you seen our forests from a plane lately? They are a patchwork of scars from too much logging. We need less logging, not more of it.

Thank you,
Scott
