

Submitter: Matthew Sprague

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Dear Committee Members,

This is a common sense bill. What I see from the anti-forestry folks are falsehoods about what the bill actually does and says. Establishing sustainable harvest levels and developing a model is exactly the approach needed. And can be based on science vs rhetoric. Please review this bill and move it forward for oregon families instead of special interest groups.

Thanks,

Matthew Sprague
