Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I vehemently oppose House Bill 3103 and its amendments.

You need to prioritize the habitat conservation plan.

Stop this rampant clear cutting of state forests. Oregon used to be a state that valued its forests- as habitat and for recreation, carbon sequestration and beauty- NOT solely as timber. I value standing forests.

Safeguard our public resources for our children and future generations.

Please please please don't let this bill pass out of committee.
