

Submitter: Jonathan Thompson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

This bill is misguided at best. It sounds like it taxes hard working Oregonians (yet again) to pay for a slush fund for Oregon's most powerful. USAID didn't work at the federal level and creating it in Oregon with a tax on tires won't work either. I urge a "no" vote.
