Dawn Pope

On Behalf Of:

Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB3362

No tax on tires!! Stop taxing us to death. Let us earn and keep more of the money we earn so WE can take care of our family. Democrats in power are pricing people out of Oregon with property tax, fire map "tax" (that is essentially what is happening because of increased insurance rates due to the fire map), income tax and continuing to try to find more and more ways to make us pay more taxes. We said NO in the last election that we do not want sales tax on anything! Period.
