

Submitter: Ron Halvorson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Please. No more taxes, especially on items for which the tax will go to something totally unrelated. This is a prime example of the western/eastern Oregon divide. Many people in the state aren't doing very well right now, economically. This is just one more thing. Oregon does not need to be like California or Washington.
