

Submitter: LANCE BERKEY

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I oppose the proposed tire tax on HB 3362 - this tax will hurt the most vulnerable-lower income residents in the State of Oregon. Please stop taxing everything possible to try and fill your budget gaps and instead, balance your budgets with the funds you currently have. Oregon businesses & their customers have already been hit hard by the underhanded sales taxes passed without voter approval on the CAT & Privilege taxes.
