Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Dear Co-Chairs Helm and Owen's, and members of the committee,

I oppose house bill 3103 and it's amendments. This timber industry undermines the western Oregon state forest habitat conservation plan and would result in more clear cuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage. It would also imperil key drinking water sources.

I urge you to oppose this bill. Instead, I encourage the committee to focus on measure that would increase carbon storage in our state forests and safeguard our public resources for current and future generations.
