

Submitter: Michelle Moore

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I am against the tax on tire sales. I recognize that the funds would go to ODOT and be allocated to mass transit and environmental programs through the Tire Pollution and Rail Transit Fund, rather than being used for highways, roads, or freight. However, this law fails to provide any real environmental benefits and places an unfair financial burden on drivers.
