

Submitter: Kevin Lepard

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB951

Management services organizations are unquestionably a burden to delivering medical care. They are profit driven with a duty to owners and shareholders, not patients. They extract profits from the healthcare system removing money from healthcare. Those monies would be better kept within the system to deliver care to patients.

Sincerely

Kevin O. Lepard, MD, PhD, FACEP, FAAEM
