On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose House Bill 3103 and its amendments. This bill undermines the state forest habitat conservation plan that I believe is critically important to preserve habitat for salmon and wildlife.

I've been an avid salmon fisherman and consumer for most of my life. We must protect the salmon and steelhead habitat, and the cold source waters they depend on, first and foremost and then decide which lands can be managed for timber production.

Sincerely,
Robert Elgin
