

Submitter: Karen von Borstel

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Please do not add a tax to tires. Prices are so high on everything right now. A tax on tires is only going to add to the financial difficulties we are all facing. People can't afford tires now. They are driving on worn out tires, creating a risk to themselves and others. This tax will cause more accidents and heartache. Please don't do it.
