

Submitter: Kathleen Boylan

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2038

Please do not support and vote no on bill HB 2038. It's been 45 years since passage of a ballot measure by the people of Oregon precluding construction of nuclear facilities until a safe mechanism for disposing of nuclear waste has been developed.

There is still no safe storage facility for nuclear waste.

No study needed when there is no safe place to store waste. Oregonians do not want SMNR's in Umatilla or anywhere in Oregon.

Respectfully,

Kathleen Boylan
