

Submitter: Susan Sanford

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2038

This bill directs the Oregon Department of Energy to study only the "advantages" of nuclear energy and not the disadvantages.

In 1980, Oregonians said no to nuclear energy without a plan for safely disposing of nuclear waste. There are still no safe ways to dispose of nuclear waste.

This "study" would be a waste of taxpayers' money.
