Resources, and Water

Measure, Appointment or Topic: HB3103

I'm requesting that you REJECT HB 3103. DO NOT allow the timber companies to clearcut even more than allowed in the Habitat Conservation Plan. It is critical, in this time of rapidly changing climate conditions and in the midst of another worldwide mass extinction event, that we protect our remaining forests, particularly our mature and old-growth trees. Oregonians, along with each of the more than 1,000 species that call our forests home, expect our leaders to stand up to protect our environment. Do it!
