Resources, and Water

Measure, Appointment or Topic: HB3103

Please reject House Bill 3103, which would force the Department of Forestry to log our public forests at reckless and unsustainable levels.

Please do not cave to the demands of timber executives seeking bigger profits. They will get plenty of trees from the Feds now. It is sickening that we cannot have healthy forests in Oregon.

The State Forest HCP was developed with years of public input, and the courts have upheld Oregon's right to manage these forests for multiple benefits (County of Linn v. State of Oregon).

Oregon's state forests are meant to serve all of us.

Now is the time to make it clear that these lands must be managed for clean water, wildlife, recreation, and future generations—not just logging.

Please reject HB 3103.
