

Submitter: Nina Council
On Behalf Of: KS Wild
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3103

Save our old growth forests. Trees absorb CO 2, and Climate Change is real effecting our entire planet creating numerous disasters. No clear cutting can be allowed. It continues in Oregon, clear cutting adds to more climate change toxins to be released into our atmosphere. More trees are needed,not less. Also Our National Parks need serious attention, habitats for our wildlife are vital. humans must wake up as to what we are really doing with destroying our planet, our wildlife, our oceans, our ands, our forests. Nature heals and we are destroying our necessary natural things all over the world. STOP all the destruction
