On Behalf Of: mr Oregon OPPOSES SB 420  
Committee: Senate Committee On Early Childhood and Behavioral Health  
Measure, Appointment or Topic: SB420

I OPPOSE [SB 420].What is the Total Indebtedness of The Housing and Community Services Department?

[SB 420] is the continuation of an entitlement created by [HB 3073 (2021)]-another "State Agency" requiring constant funding increases.

\*\*\*The State of Oregon should be "weaning" people off this program with the intent to defund the program in it's' entirety. Yet, [HB 3073 (2021)] morphs into [SB 420].

Fast forward four (4) years into the future and [SB 420] reminds the taxpayers, do not concern yourselves from being unjustly coerced to shell-out [\$6,000,000] from the GENERAL FUND to keep the parent entitlement, [HB 3073 (2021)] alive and kickin'.

After all, [HB 3073 (2021)] created another welfare entitlement. Oregon must now keep the sad sacks of; the parasitic Nonprofit and or Public Benefit Corporations and or other assorted special interest groups, happy and perpetually funded as their influences continue to plague society.

\*\*\*[HB 3073 (2021)] was nothing more than the creation of an unsustainable entitlement. [SB 420] is evidence of the unsustainable entitlement.

Why should parents have children they cannot afford to raise themselves?

\*\*\*Oh, no! The Department of Early Learning has a "Diversity, Equity and Inclusion" plan as seen here:

Does the Department of Early Learning and Care have Federal Funding?

Will Elon and the DOGE Brothers pay a visit?

Mr. Oregon Concurr and says, "[\$6,000,000] for [SB 420]...When will the money run out?"
