Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

Dear Committee Members;

I am opposed to this ODOT proposal since I am retired and on a fixed income, and do not welcome paying a tax on tires that has absolutely no benefit to me, but will only benefit non-road related goals. The prices of everything just we buy continues to go up and then along comes a proposal to tax us for something that will add to our already high burdens of owning, maintaining and insuring my vehicle. Please listen to your constituents.

Thanks,

Dan Linscheid
