On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

Please oppose HB 3103.

This bill would force the Department of Forestry to log our public forests at reckless and unsustainable levels.

The management plan in the State's Habitat Conservation Plan has been upheld in court and should be adhered to. Under this plan the forests are managed for the benefit of all Oregonians as opposed to maximum profit for the logging companies.

These public benefits include clean water, wildlife, recreation, and future generations – not just logging.

Please protect this public resource for all Oregonians by rejecting HB 3103.

Thank you.
