

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SB 777
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or
Topic: SB777

I OPPOSE [SB 777].

Don't get me wrong, I support recompense for all costs due to Wolf Depredation damages to livestock and working dogs.

What I do not trust and or like is,

From the TEXT of [SB 777], "...(d) Establishes a county advisory committee to oversee the county program, consisting of one county commissioner, two members who own or manage livestock and two members who support wolf conservation or coexistence with wolves. The county advisory committee, once established by the county, shall agree upon two county business representatives to serve as additional county advisory committee members...."

I do not trust "county advisory committees" worth spit.

I support humans giving wolves the business end of a 30-30.

The compensation math problems, as described in [SB 777], looks like a politician dreamed them up.

The wolves have been a problem to humans ever since the Almighty invented them.

The wolves that are not sent to wolves' heaven should be trapped and sent back to Canada.

Mr. Oregon Concurr and says, "Compensation formulas are not good enough and the amount of [\$25,000] may be too little."
