Living in rural areas require long distant driving for medical care and shopping even work. With rising cost for utilities, groceries, clothing, sky high housing gas tax and yes DMV cost. Our state road department seems to have mismanaged funds or in our case, the county has taken funds from our road department to cover other expenses. Please don't punish hard working people and especially the retired living on fixed incomes. We can not continue to bail out mismanagement. It is time for better oversight and accountability.
