

Submitter: Christopher Long

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Oregon has enough tax applied to everything we purchase. We don't need more, we need less! The fact that tax money collected by the State of Oregon doesn't go for what the people were told it would be used for! Facts that our road / fuel tax doesn't fix our roads is a prime example. No new tax!
