

Submitter: dot kay

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

The benefits of this: 1) creating harvest levels for timber will reduce forest fires due to less fuel being available 2) harvesting timber will bring down the cost of lumber which will help bring down the cost of housing 3) create good paying jobs 4) create revenue for the state.

Forest fires are not only bad for the environment, and the animals that burn up in the fire it will also start effecting tourism. People will stop booking trips here during fire season!
