

Submitter: William Blair

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2683

We should require anyone desiring to get a drivers license in OREGON to go to classes in order to learn English before obt privilege such as a license.

I personally at 60 years old have been working on learning Spanish for my benefit so that I can communicate with various people that I wish to communicate with. If a long term native can learn Spanish, a person coming into our country for their benefit can do the same. I know people here who have been here for 20 years and have not been willing to assimilate fully into this " Great experiment."
