It is certainly time to allow 16- and 17-year-olds to register to vote and cast ballots in school district elections. Young people are far more mature and capable of making intelligent decisions than we give them credit for, especially in areas that affect them personally. Being involved in policy-deciding processes is only fair, and will engender further involvement across time, far more than experiencing the frustration of having to wait until they're considered old enough. I am completely in favor of HB 3012. Thank you ~
