

Submitter: Denise Cline

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3587

Please support HB3587. Our coastal rocky habitats are important to not only the health and beauty of Oregon, but to the economy. I have watched the failure of the Silicon Forest, and the lack of real progress on the development of a biotech industry here, despite the excellence of OHSU. We know how to make beer and great food. Let's build on that by preserving the natural wonder of our state to create a truly unique tourist destination.
