Committee: House Committee On Rules  
Measure, Appointment or Topic: HB3012

Together with his parents, the high school my 17-year-old grandson attends in Eugene has done an excellent job of teaching him critical thinking skills. Consequently he knows more about the needs and aspirations of his school community than any of the rest of us in the family. It makes no sense that we get to vote in school district elections and he doesn't. Sixteen and seventeen-year-old students are ready and able to contribute and they have the most at stake in the outcomes. Please vote in favor of HB 3012 and give them a voice. Thank you for your service to our community.
