Measure, Appointment or Topic: HB3362

As we are a ranching family we have NUMEROUS vehicles that are run only on the ranch and also on the public roads. We have enough expenses on the ranch without having to add this tax on tires! I am opposed to turning money over to an agency that is entitled to use this money for purposes other than road repairs, and this only increases the authority of an unelected bureaucracy. Oregon needs to be more budgeted in how it spends its tax money and not be asking for more tax with out voter approval.
