Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

The great state of Oregon is known for its forests and beautiful public lands. That used to be the case and the general popular opinion of Oregon. It's a shame it is no longer true. The idea that Oregon is an outdoor enthusiast destination is false advertising. If the devastation of the public lands, the clear cutting, the destruction continues, Oregon should be ashamed of claiming any kind of moral/environmental superiority.
