

Submitter: James Feeney

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Please, please, vote NO on the tire tax. More and more taxes on seemingly everything are not easily borne by elderly couples like us — our cash flow being Social Security, some savings, and some modest interest income. It may not sound like much to some, but my wife and I will fairly soon be buying a set of 4 tires, and your bill will add another \$40 or so to that purchase. Please hear the plea of a senior citizen veteran on fixed income: No more taxes, in this case on tires.

Sincerely,

James H Feeney, PhD
Eugene, Oregon
