

Submitter: Jane Civiletti

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I submit testimony to OPPOSE HB3103. Oregon's Habitat Conservation Plan has provided some amount of control of overlogging in our forests and should not be overridden. We need to keep our remaining forests intact to provide healthy watersheds, wildlife habitat, climate control and more, and not to allow logging at unsustainable levels to further compromise Oregon's future. This bill is destructive and I strongly urge a no vote.
