Measure, Appointment or Topic: HB3362

Legislators,

Follow the Constitution first by rebalancing the gas and weight mile tax.

You are in violation of the Constitution yourselves both on the balance and using the attorney general as your corrupt lawyer.

Then find the billion dollar error at ODOT next.

Reform ODOT completely ... downsize immediately.

Finally, no independent or new expenditures with out complete reform and revenue bill at the same time. One bill only.

Respectfully,

Brian Boquist
