On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I strongly clear cut logging in our state forests. I am a carpenter and general contractor that works with wood on a daily basis and I believe that clear cut logging is not worth the devastation it causes to our forests. Given the advances in engineered wood products we should abandon clear cutting and we should never cut another old growth tree down, ever!
