Resources, and Water

Measure, Appointment or Topic: HB3103

Dear Co-Chairs Helm and Owens, and Members of the Committee,

I am writing to submit my testimony in opposition to House Bill 3103 and its amendments. This bill would result in more clearcuts and less habitat for salmon and wildlife, and would also reduce our state's ability to adapt to climate change. It serves the timber industry by attempting to profit off of our state's natural heritage.

I urge you to oppose this short-sighted, dangerous bill. For the sake of our state's future, please do not let this bill pass out of committee.

Sincerely,
