

Submitter: Kathleen Fleming

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

More taxes for long suffering Oregonians? This is a very bad idea. It look like simply another way to get money from us to blow on your pet projects. You will make keeping ones car safe on Oregon roads very difficult. People will keep tires on their car that are too worn to be safe because they cannot afford new tires. Most of us are not millionaires like you.
