

Submitter: Adam Cunningham
On Behalf Of: Wilsonville City Councilor
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

As ODOT faces a budget shortfall and is requesting drastic measures which would harm our working class citizens, this bill threatens to do further damage while not addressing the basic needs of our state's infrastructure. There is no room in our economically strained state for pet projects like those funded by this tax to be prioritized. It's time Salem figures out how to meet the needs of our citizens before addressing the wants.
