Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose House Bill 3103. It's important to protect state forests from the timber industry in order to protect the habitat for wildlife and salmon! If you haven't been on a trail lately, get out there, rain or shine, and experience nature so it reminds you to protect our state forests for future generations!
