Measure, Appointment or Topic: HB3103

HB 3103 sounds awful to me. This bill prioritizes timber harvest over clean water, protecting fish and wildlife habitat, and outdoor recreation. This bill would undermine the State Forest Habitat Conservation Plan, that took so long to put together! This bill would prevent implementation of ODF's Climate Change and Carbon Plan! And, I don't understand why HB 3103 would establish a right to sue the Oregon Department of Forestry over state forest timber harvest plans.

I hope HB 3103 does not get passed out of this committee. Thank you.
