

Submitter: Linda S Trickey

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Very opposed to this proposed tax. Oregon legislators proposing this additional tax are 'out of touch' with the people in this state. We are heavily taxed now and this will create additional financial burden on people, especially those trying to make it worthwhile to work.

Please oppose this additional tax on our state residents

Thank you,

Linda
