

Submitter: James Patterson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Oregonians already pay an environmental fee when they buy tires, we shouldn't be charged a tax on top of a fee. We already pay taxes to support the public transportation and should be required more because we need tires to get to work and back. You are taxing us out of our houses and homes already, maybe try to figure out ways to reduce your expenditures like us citizens have had to do in order to afford to live.
