

Submitter: Leland Richey

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I oppose HB3362 as it will negatively affect middle and low income citizens of Oregon. At the same time it will not help improve the roads that these tires travel on. If HB3362 is passed, I will simply travel to Washington state to buy my next set of tires and will recommend that all my friends do the same. Oregon is now one of the highest taxed states in the nation and enough is enough.

Sincerely,
Leland Richey
Tualatin, Oregon
