Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3103

I urge you to oppose HB 3103. It undermines the forest habitat conservation plan. Please oppose this misguided bill. We need to conserve more of our resources. There will be nothing left for our children and grandchildren. Instead we should INCREASE protections of our state forests. They belong to all. They are not commercial forest plantations. Do not let this pass out of committee.
