I am strongly against HB3362.

The citizens of Oregon are being treated like a piggy bank to shake out more tax dollars on the whims of politicians and their special pet projects. We are getting ready to be hit with a huge education tax and here is another tax being forced upon us from our government. Think about driving a car-

The car is taxed

The gas is taxed

The battery is taxed

The driver is taxed

The oil is taxed

The exhaust is taxed

The milage is about to be taxed

and now the tires would be taxed. What is next, a seat tax? A steering wheel tax? A headlight tax? This is getting ridiculous.

We are POOR citizens that get poorer everyday thanks to our government. No to the tire tax, we cannot afford it.
