

Submitter: Jane Heuberger

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

We need to cut taxes in Oregon, not increase and add new taxes. We cannot afford to live in this state with how the legislature increases and adds new taxes. Think about us people who will have to pay these taxes and especially people like us who are on limited income, and Social Security. We paid our fair share. Now it's up to you the legislature, to decrease our taxes, especially for the elderly.
