

Submitter: Chaille Shipps

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

As a Senior citizen of this State and a resident of Salem for nearly 50 years, I oppose any tax on tires. I would rather have an accounting of what this state has been doing with the annual taxes it receives from its citizens! People like me, who are on fixed incomes, cannot continually "just absorb" these type of increased taxes every year. Thank you for your consideration...
