

Submitter: Ann Wichmann

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2679

Please restrict the use of neonicotinoids to licensed use only, as this helps protect our pollinators from the undisputed damage caused by these chemicals it interferes with their ability to forage, reproduce, and navigate it interferes with their ability to LIVE. Without our pollinators, we humans have little chance of surviving in the world these chemicals undoubtedly harm our species and many others as well as the pollinators. Please control or eliminate the use of these chemicals!!! Thank you, Ann Wichmann
