On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1003

I am opposed to any form of destroying human life. God created human beings; He has a plan and purpose for each human's life. He alone knows when that plan and purpose is fulfilled and therefore He alone knows when and how that life is to end. Individuals who are ill, elderly or disabled are extremely vulnerable to influence and should NOT be subjected to pressure to end their life. They need all the encouragement and support to have the best life possible until their Creator calls them home. Because of the prevailing attitude in our current care system, as a senior citizen, I am fearful of ever being put in a care giving situation for fear measures will be implemented to speed up the end of my life. That decision belongs only to God. Anyone else who takes part in that decision is guilty of murder and will pay the eternal price for that. I am totally opposed to any form of assisted suicide and therefore totally opposed to this bill. Thank you for being a true representative and voting against it. Iwana
