Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I support HB 3103 - Please let the State Forester do his job and harvest timber!!
The harvest can be done in a sustainable manner. I would suggest that when Oregon
was harvesting timber, we had less forest fires and disasters.
It doesn't take a genius to figure these things out. For those submitting comment
from out of state - perhaps they can be directed to pay the bill for the disaster that will
be coming.
